Mother's Day 2019 Hualapai Baptist Church

...consider how great things He hath done for you. | Samuel 12:24

Our family continues to have much for which to praise God.

The last two months have come with full calendars for both the Hualapai Baptist Church and the HBC Home School Co-op. Bethany Anglin reported on her call to Ecuador wetting our appetite for missions conference coming in the fall.

We recognized both Mothers and Fathers on their respective holidays with good crowds in both services. Each Mom and Dad in attendance received a special gift from our church.

Three colleges came to represent their schools to our young people. Each ensemble was a blessing to us not only in music but in their testimonies among us.

There was special interest in these groups as we had two seniors graduate from the co-op this year. Chance has been accepted to Bill Rice Bible Institute, and is again working at BRR West Branch this summer. Taylor is anticipating following in her sister's footsteps and attending WCBC this fall. Both these young people have been a pleasure to have in our co-op over the years.

Pastor Scott and Faith Baptist of Morristown, IN. came and helped us with an auditorium facelift and backyard Bible clubs. We saw one young lady accept Christ as Saviour!

This past week our juniors went off to camp along with two counselors from our congregation. The teens will be following them in just a couple weeks. We love the ministry of the Bill Rice Ranch and are very

thankful for West Branch being just a few miles down the road!

June 30 was "5th Sunday" and our teens took over much of the responsibilities of teaching Sunday School and leading the morning worship service. They always do a great job leading in prayer, directing music, giving announcements, and collecting the

Hualapai Baptist Home School Co-op graduates 2!

Chance has been accepted into Bill Rice Bible Institute for the fall semester.

Taylor will be attending West Coast Baptist College in Lancaster, CA.

Thanks for the prayers and notes regarding Steve's health.

May 22 Steve got up to get ready for the day and a short time later became confused and disoriented. He still has no memory of the events from about 4:30 til 11:30 that morning. Sherry realized something was not right and took him to the ER in Kingman. Our son Josh left his work in Austin, TX and drove straight home to help. Five weeks later we still have no diagnosis, but Steve is doing well. A slight though persistent headache finally went away after about two and half weeks. The only regularly scheduled service he missed was that Wednesday night. The following Sunday already had guest speakers scheduled and he was back to work in a week.

Prayer Requests:

- * Sherry's dad diagnosed with cancer
- * Upcoming Teen camp and VBS
- * Finances for an engine in our van- \$1000 of about \$4000 needed has come in already.
